- Sheron Russell - present

2. February meeting minutes approved as written.

3. NCSBN: Assessing Substance Use Disorder Monitoring Program Guidelines (attached):

Discussed NCSBN pilot project announcement.

Action: No action recommended

4. Lorna Breen Act [The Legislation | Dr. Lorna Breen Heroes Foundation \(drlornabreen.org\)](#) :

Discussed the Lorna Breen Act.

Action: Recommend notifying membership once signed by the president.

5. DOT proposing expanded use of Oral Fluid Testing (attached):

Discussed federal DOTs proposal to expand the use of oral fluid testing. Mike (Tennessee) and Andrew (New Jersey) shared positive experiences with virtually observed collection. Neither program has changed their testing schedules based on the change in detection windows. Andrew stated that metabolites were not as extensively reported with oral fluid testing.

Action: No action recommended

6. Review of last meeting's discussion with Shane Moes, FSSolutions EVP Product Strategy

Discussed common data (relapse, diagnosis, license type ...) and comparative measures.

Action: Suggestion to meet with FSSolutions, Recovery Trek, and Affinity at NOAP.

7. Member state program review findings:

Discussed takeaways from the committee's review of state program missions and measures. General agreement that that it was difficult to get a good sense of program culture, resources, and relationship with the board by reviewing their web sites and other limited information.

Action: Consider conducting an expanded survey

8. Performance measure project deliverable (position statement, white paper, guideline...)

The committee agreed that it was too early to settle on a project deliverable.

Action: Continue the discussion next meeting.

9. Old Business:

- Research Eblast

10. New Business:

- Announcement: FSPHP Annual Conference, April 26-28 New Orleans [2022 Annual Education Conference \(fsphp.org\)](https://www.fsphp.org/2022-annual-education-conference)
